

# 0.9/1.0kW Portable Gasoline Generator

This gasoline generator provides a reliable power source for various applications. It delivers up to 1.0kW of power and is designed for portability.

## Overview

### Reliable Portable Power

This portable gasoline generator is engineered to provide a dependable power source for a wide range of home and professional applications. Featuring a durable engine and a robust frame, it is built to withstand demanding environments while remaining easy to transport. Equipped with multiple outlets and an integrated voltmeter, it offers both versatility and user-friendly operation for your power needs.

## Performance

### Rated Power Output

**1500 W**  
Peak Power

### Generator Capacity

1 kW

## Features

### Usage Suitability

Home Use • Professional Use

### Key Features

Portable Design, Integrated Voltmeter, Multiple Outlets, Durable Engine, Robust Frame
