

1-Inch Gasoline Water Pump

This 1-inch gasoline water pump is designed for portability and reliable performance. It offers a 15-meter lift and a flow capacity of 5 cubic meters per hour.

Product Overview

Compact and Powerful Performance

This 1-inch gasoline-powered water pump is engineered for efficiency and portability, making it a reliable solution for various fluid transfer needs. Featuring a robust 4-stroke engine, it delivers consistent performance for irrigation, drainage, and general water management tasks. Its durable construction ensures it can withstand demanding operational environments while remaining easy to transport.

Performance Metrics

Key Performance Indicators

15 m

Max Lift

5 m³/h

Flow Capacity

6.5 HP

Engine Power

Technical Specifications

Engine Type	4-Stroke Gasoline
Inlet/Outlet Diameter	1 inch

Applications

Recommended Uses	Irrigation, Drainage, Water Transfer
