

# 1 Liter Pressure Tank 0.4 MPa

This pressure tank is designed for industrial applications needing constant pressure. With a 1 liter volume, it stabilizes pressure, ensuring stable operation of connected systems.

## Product Overview

### Industrial Precision Pressure Tank

The YG0.4/1L-L pressure tank is designed for various industrial applications requiring consistent pressure maintenance. With a volume of 1 liter, it effectively dampens pressure fluctuations, ensuring stable operation of connected systems. Its compact design allows for easy integration into existing setups, making it suitable for use in machine tools and other precision equipment.

## Technical Specifications

Maximum Pressure	0.4 MPa
Capacity	1 L
Compatible Applications	Machine Tools, Precision Equipment, Industrial Systems

## Key Performance Metrics

### Performance Highlights

**0.4 MPa**

Rated Pressure
