Product Overview

Professional Insulated Tool Kit

This comprehensive 10-piece insulated hand tool set is engineered for safety and precision in high-voltage environments. Designed for live working conditions up to 1000V AC and 1500V DC, each tool undergoes rigorous high-pressure testing to ensure reliability and prevent electrical breakdown. The set features ergonomic, non-slip handles for enhanced control, making it an essential solution for electrical maintenance, power facility installation, and electronic equipment repair.

Technical Specifications

Voltage Rating

1000 V

Max AC Voltage

1500 V

Max DC Voltage

Compliance & Certifications

ISO 9001, UKAS, DL/T976-2005

Material

Tool steel with advanced imported insulation
