Product Overview

High-Capacity Sanitation Solution

The 10000L Sewage Suction Truck is a specialized vehicle engineered for the efficient collection and transportation of sewage and fecal matter. Equipped with a robust chassis and a high-capacity 10000-liter tank, it ensures reliable performance for municipal sanitation and environmental services. Its powerful vacuum system and durable construction make it an ideal choice for maintaining public health and hygiene in both urban and rural settings.

Vehicle Dimensions & Weight

Overall Dimensions	8050 × 2480 × 3080 mm
Curb Weight	7295 kg

Performance

Max Gradability (Full Load)	30 deg
Max Speed	90 km/h

Chassis & Suspension

Drive Configuration	4x2
Leaf Spring Configuration	8/10+8
Front/Rear Hanging	1250 / 2300 mm
Approach/Departure Angles	25° / 15°

Key Features

Vehicle Capabilities	10000L Capacity, Vacuum Suction System, Corrosion-Resistant Tank, Overflow Protection, Pressure Relief Valves
