Product Overview

Reliable Emergency Power

This compact 10000mAh portable jump starter is an essential tool for automotive maintenance and emergency roadside assistance. Designed for 12V vehicles, it supports gasoline engines up to 6.0L and diesel engines up to 4.0L with a peak current of 800A. Beyond jump-starting, it functions as a versatile power bank with multiple USB ports and features a built-in LED flashlight with SOS capabilities.
