Product Overview

High-Performance Networking Cable

This professional-grade CAT6 UTP cable is engineered for reliable, high-speed data transmission in indoor networking environments. Featuring 4 pairs of 23AWG conductors, it ensures optimal signal integrity and performance for demanding installations. The cable is built to international standards, offering versatility with options for PE or LSZH jacket materials to suit specific safety and environmental requirements.

Technical Specifications

Construction Details

Parameter	Specification
Cable Category	CAT6
Shielding	UTP (Unshielded Twisted Pair)
Conductor Gauge	23AWG
Pairs	4 Pairs
Conductor Size	4*2*0.57

Compliance & Standards

YD/T 1019-2013, TIA/EIA-568-B.2-1

Physical Properties

Standard Length

100 m
Coil Length

Jacket Material Options

PE • LSZH • PVC
