

# 1080p HD 4-Channel PoE Security Camera System

This is a POE IP camera system with HD 1080P resolution. The outdoor cameras are IP66 rated and equipped with IR LEDs for night vision up to 65ft.

## ADDITIONAL IMAGES

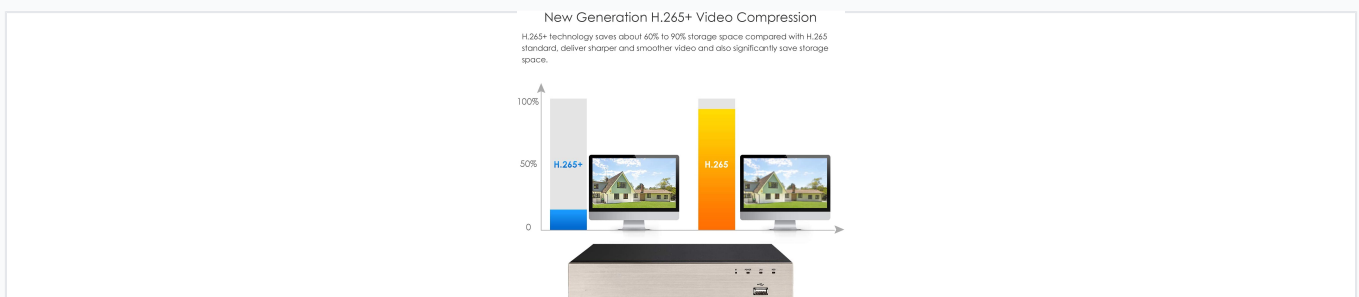

## Overview

### Professional PoE Security Solution

This 1080p HD 4-Channel PoE Security Camera System offers a complete, reliable surveillance solution for residential or business environments. Featuring simplified Power over Ethernet (PoE) installation, the system ensures high-definition monitoring with intelligent motion detection and efficient H.265+ video compression. With remote accessibility via the dedicated mobile app and robust outdoor-ready hardware, users can maintain constant visibility and peace of mind.

## System Performance

Advanced H.265+ compression technology reduces storage requirements by 60-90% compared to standard H.265, ensuring smoother video playback and longer recording times.

### Compression Standard

H.265+

Video Resolution	1080p Full HD
Channels	4
Supported Display Resolutions	1920x1080, 1280x1024

## Camera Specifications

IP Rating

IP66

Lens

3.6mm

Night Vision Range

65 ft

## Connectivity & Power

The NVR features multiple PoE ports for simplified camera connection, along with HDMI/VGA outputs and standard network connectivity.

### Video Outputs

- VGA
- HDMI

### Power Requirements

**48 V**

NVR Voltage

**12 V**

Camera Voltage

PoE Support

Yes

## Smart Features

Stay informed with real-time push notifications sent directly to your mobile device whenever motion is detected.

Remote Access

TUTK P2P, Amazon Web Server, Mobile App

Motion Detection

Yes
