

# 1080P IP69K Waterproof Dome Camera

This dome camera captures video in 1080P full HD. Its IP69K waterproof rating makes it suitable for use in demanding conditions.

## Product Overview

### High-Definition Surveillance Solution

This 1080P Full HD dome camera is engineered for reliable surveillance in demanding environments. Featuring an IP69K waterproof rating, it provides robust protection against high-pressure and high-temperature washdowns. Designed with advanced anti-vibration capabilities and night vision, it ensures clear video capture for critical applications such as public transport and industrial monitoring.
