Product Overview

High-Definition Surveillance Solution

This 1080P universal IP network camera is engineered for versatile indoor and outdoor surveillance applications. It delivers high-definition video quality with robust construction, ensuring reliable performance in demanding environmental conditions. Designed for seamless integration, it supports standard network protocols like ONVIF and RTSP, making it an ideal choice for professional security infrastructure.

Key Features

Durability Metrics

17.3 G

Anti-vibration Rating

15 m

Max Night Vision

Core Capabilities

1080P HD, IP66 Waterproof, Night Vision, ONVIF Support, RTSP Support

Technical Specifications

Imaging & Performance

Parameter	Value
Image Device	1/2.9" CMOS
Effective Pixels	1920(H) x 1080(V)
Frame Rate	2~30 fps
S/N Ratio	Better than 52dB
Electronic Shutter	1/25~1/50,000s

Operating Environment

- Operating Temp: -20°C to +70°C
- Storage Temp: -30°C to +80°C
- Humidity: 95% RH Max

Connectivity & Power

Power Input	12 V DC
Web Interface	Yes
