

1.0L 850W Electric Kettle with Water Level Indicator

This electric kettle has a 1.0L capacity and 850W power for rapid boiling. Its design includes a heat-resistant plastic housing and a water level indicator.

Product Overview

Compact and Efficient Boiling

This 1.0L electric kettle is designed for efficiency and ease of use in professional or hospitality settings. Featuring a durable, heat-resistant plastic housing and a concealed stainless steel heating element, it ensures reliable performance and easy maintenance. With safety features like boil-dry protection and automatic shut-off, it provides peace of mind while quickly heating water for daily needs.
