Overview

Versatile 10L Capacity Oil-Free Air Fryer

This multi-functional air fryer offers a large 10L capacity, making it an ideal solution for preparing healthy, family-sized meals. Utilizing powerful rapid hot air circulation technology, it achieves a crispy fried finish for a variety of foods including steaks, potatoes, and vegetables with little-to-no oil. The design features a visible window for monitoring progress and a user-friendly mechanical interface for precise temperature and time control.
