

1.0L Electric Kettle with Plastic Housing

This electric kettle has a 1.0L capacity and a durable, easy-to-clean plastic housing. It operates at 220-240V with a power range of 850-1000W.

Overview

Compact and Efficient Boiling

This 1.0L electric kettle is designed for efficiency and ease of use, featuring a durable, heat-resistant plastic housing that is simple to clean. Equipped with a stainless steel heating plate and a 360-degree cordless base, it ensures rapid boiling and convenient handling. Safety is prioritized with integrated overheating protection and automatic switch-off capabilities, making it a reliable choice for professional environments.
