

1100W Portable Air Compressor

This 1100W air compressor provides a portable and robust solution for inflating tires and other inflatable items. It features an integrated pressure gauge and digital display for accurate inflation.

Product Overview

Compact & Powerful Inflation Solution

This 1100W portable air compressor is designed for efficient performance in automotive and general utility applications. Featuring a robust series motor with copper winding and a compact, integrated storage design, it offers both reliability and ease of transport. With a flow rate of 180L/min and a maximum working pressure of 8 bar, it is a versatile tool for various inflation tasks.

Technical Specifications

Power Rating

1100 W

Power Output

230 V

Voltage

50 Hz

Frequency

Performance

- Max. Working Pressure: 8 bar
- Flow Rate: 180 L/min
- No Load Speed: 3550/min
- Duty Cycle: S3 15% (10 min)

Construction

Copper Winding, Series Motor, Dust-proof Switch, IP20 Rated

Accessories & Inclusions

Included Items

Item	Description
Air Hose	3M PVC with quick coupling (12mm dia)
Inflating Gun	With pressure gauge (0-12bar, PSI/BAR scale)
Nozzles & Adapters	Extension nozzle, tapered adapters, ball needle, valve kit
