

1100W Power Tool with Angle Adjustment

This power tool features a robust 1100W motor and operates on a 230V-240V power supply. It allows for angle adjustments from 0° to 45° and has a rotational speed of 2950 min-1.

Overview

High-Performance Cutting Precision

This 1100W power tool is engineered for consistent, reliable performance in demanding professional environments. It features versatile angle adjustments ranging from 0° to 45°, allowing for precise cuts across a variety of material thicknesses. Built with a robust design, this tool balances power and stability to ensure high-quality results for every project.

Technical Specifications

Rated Power

1100 W
Power

IP Rating

IP2X

Rotational Speed

2950 min-1

Power Supply

230V-240V

Cutting Capabilities

Cutting Depth Performance

Angle	Max Depth
90°	58mm
45°	38mm

Angle Adjustment Range

0° to 45°

Physical Dimensions

Blade Specifications

250 x 30 x 3mm (30z)

Weight

39.6kg / 43.6kg

Overall Dimensions

690 x 530 x 450mm
