

# 110cc Step-Through Motorcycle

This is a compact and efficient motorcycle in the 100cc-125cc range. The step-through design makes it easily accessible for urban commuting and short trips.

## Overview

### Compact Urban Commuter

This 110cc step-through motorcycle is engineered for efficiency and ease of use in urban environments. Its compact design ensures maneuverability in traffic, while the fuel-efficient engine makes it an economical choice for short-distance travel. With a reliable braking system and practical features like a rear luggage rack, it provides a balanced solution for daily commuting needs.

## Performance

### Engine Performance

**5.8 kW**

Max Power

**8.8 N.m**

Max Torque

Maximum Speed 85 km/h

Engine Displacement 124 ml

## Dimensions & Weight

### Physical Dimensions

Attribute	Value
Length	1897 mm
Width	725 mm
Height	1112 mm
Wheelbase	1230 mm

Net Weight 100 kg

## Fuel System

Fuel Consumption 2 L/100km

Fuel Tank Capacity 4.8 L

## Braking System

Brake Configuration Front Disk Brake, Rear Drum Brake
