

## 110mm 1500W Marble Cutter

This 110mm marble cutter features a 1500W motor. It is designed for precise and efficient cutting of marble, granite, tile, and other stone materials.

### ADDITIONAL IMAGES

### Overview

#### High-Performance 110mm Stone Cutting Solution

This 1500W marble cutter is engineered for professional stone masonry and tile installation, offering high efficiency and precision. It features a robust motor with a 200°C class anti-heat level, ensuring reliable performance during demanding cutting tasks in marble, granite, and tile. The ergonomic design, including a TPE handle and tool-free depth adjustment, provides comfort and versatility for extended job site use.

## Technical Performance

Compact design featuring a 1500W motor and 34mm maximum cutting depth.

### Performance Highlights

**1500 W**

Input Power

**13000 r/min**

No-load Speed

**34 mm**

Max Cutting Depth

### Disc Compatibility

Specification	Value
Standard Disc Diameter	110mm
Maximum Disc Capacity	125mm
Compatible Disc Sizes	114 x 20 / 16 x 1.8mm

## Design & Ergonomics

### User Comfort & Control

- TPE ergonomic handle design for reduced fatigue
- Self-locking switch for continuous operation
- Tool-free depth adjustment system
- Widened base-board for enhanced stability and support

## Durability & Safety

Professional craftsmanship featuring a widened base-board for stability and a high-efficiency cooling system.

### Motor & Maintenance

- 200°C Class anti-heat level motor
- Compound fan for strong heat dissipation
- External carbon brushes for easy replacement
- High-efficiency power system

### Safety & Protection

Safety Guard, Splash Baffle, Safety Lock, Water Cooling System

## Physical Specifications

Net Weight	3.2 kg
Unit Dimensions	21cm x 16.5cm

## Applications

### Suitable Materials

Marble • Granite • Tile • Stone • Grooving
