

# 11.5 Liter Electric Oven

This electric oven provides a versatile cooking solution with reduced fat, no smoke, and no radiation. Its 11.5-liter capacity and adjustable temperature range from 65 to 250 degrees Celsius make it suitable for various cooking needs.

## Product Overview

### Compact and Efficient Electric Oven

This 11.5-liter electric oven is designed for versatility and efficiency in professional and commercial kitchen environments. With a dual-voltage capability of 110V/240V and a robust 1100W power output, it adapts seamlessly to various power infrastructures. Its wide temperature control range ensures precise cooking results for a variety of culinary tasks.

## Technical Specifications

Capacity	11.5 L
Power Output	1100 W
Voltage Compatibility	110V, 240V
Frequency	50/60Hz

## Performance

### Temperature Range

<b>65 °C</b> Minimum Temperature	<b>250 °C</b> Maximum Temperature
