

11.5 Liter Electric Oven

This electric oven provides a versatile cooking solution with reduced fat and no smoke or radiation. It operates on 110V/240V and features a temperature range of 65 to 250 degrees Celsius, with an 11.5 liter capacity.

Product Overview

Compact and Versatile Cooking

This 11.5-liter electric oven is designed to provide efficient and reliable cooking performance in a compact form factor. With a robust 1300W heating element and a wide temperature range, it handles various culinary tasks with ease. Its dual-voltage compatibility makes it a versatile choice for international markets and diverse kitchen environments.

Technical Specifications

Capacity	11.5 L
Power Consumption	1300 W
Voltage Compatibility	110V, 240V
Frequency	50/60Hz

Performance Metrics

Temperature Range

65 °C Min Temperature	250 °C Max Temperature
