

115cc Underbone Motorcycle

This motorcycle is in the 100cc-125cc class and features a step-through frame design. It is equipped with a single-cylinder, four-stroke engine and an automatic clutch.

Overview

Versatile 115cc Underbone Motorcycle

This 115cc underbone motorcycle is engineered for efficient urban commuting, featuring a classic step-through frame design for easy mounting. It combines a lightweight 98kg build with a fuel-efficient four-stroke engine, consuming less than 2.0L per 100km. Equipped with a reliable disc and drum braking system, it offers a balanced performance for daily city navigation.
