

12-Inch Children's Bicycle with Training Wheels

This 12-inch children's bicycle is designed with a step-through frame, making it easy for young riders to mount and dismount. It comes equipped with training wheels for stability, a front basket, and a rear carrier.

Product Overview

Designed for Young Riders

This 12-inch children's bicycle is specifically engineered to support young riders as they learn to cycle. Featuring a convenient step-through frame design for easy mounting and dismounting, it comes equipped with stable training wheels to build confidence. The bike includes practical additions like a front basket and a rear carrier, making it a fun and functional choice for active children.
