

12-Inch Petrol Chainsaw for Wood Cutting

This petrol chainsaw is designed for cutting wood, from pruning to felling small trees. It has a 12-inch cutting bar and a durable chain for efficient cutting.

Product Overview

Professional Performance Chainsaw

This 12-inch petrol-powered chainsaw is engineered for high-efficiency wood cutting, making it ideal for tasks ranging from precision pruning to felling small trees. Featuring an advanced engine clean air-intake system and an effective anti-vibration setup, it is designed to maximize reliability while minimizing user fatigue. The unit includes a primer bulb for easy cold starting and a robust automatic oil pump lubrication system to ensure consistent operation during demanding work.

Technical Specifications

Core Features

- Anti-vibration system
- Engine clean air-intake system
- Combination throttle/switch structure
- Chain brake
- Hand guard

Cutting Bar Length	12 inches
Starting System	Primer bulb system
Lubrication	Automatic oil pump

Compliance & Standards

Certifications	Voluntary inspection, Approved test centre
