

12-Inch Steel Golf Cart Wheel

Steel golf cart wheel with a 12-inch diameter, offered in 6-inch or 7.5-inch widths. It features a blue painted finish and triangular cutouts for weight reduction.

Product Overview

Durable Steel Golf Cart Wheel

This 12-inch steel wheel is engineered for reliability and performance on golf carts and similar utility vehicles. Featuring a robust blue painted finish, it combines durability with a distinct aesthetic. The design includes triangular cutouts to effectively reduce unsprung weight while maintaining structural integrity.
