

12-Inch Tabletop Box Fan

This 12-inch box fan is designed for tabletop or floor placement. It provides directional airflow for cooling purposes with its multi-blade design and protective grill.

Product Overview

Compact Cooling Solution

This 12-inch tabletop box fan is designed to provide efficient, directional airflow for personal cooling in office or home environments. Featuring a robust multi-blade design encased in a protective grill, it balances safety with performance. The unit is built for versatility, suitable for placement on tabletops or floors to help improve air circulation.
