

1/2" Keyless Impact Driver Chuck with 1/4" Hex Shank

This 1/2" keyless impact driver chuck is designed for use with impact drivers and features a 1/4" hex shank for easy attachment. It allows for quick and easy bit changes without the need for a chuck key.

Overview

Versatile Impact Driver Accessory

This 1/2" keyless chuck is specifically designed to expand the capabilities of your impact driver, enabling it to perform a wider range of drilling applications. It features a hand-tightening mechanism for easy operation and a 1/4" hex shank for quick, universal attachment. The integrated sleeve locking mechanism ensures the chuck remains secure and prevents sticking or accidental opening during high-intensity impact drilling.

Technical Specifications

Chuck Capacity

0.5 in

Chuck Size

13 mm

Metric Equivalent

Operation

Keyless • Hand Tightening

Shank Type

1/4" Hex Shank

Performance & Safety

Locking Mechanism

Internal sleeve locking mechanism to prevent opening or sticking during impact

Recommended Usage

Optimized for low torque impact drivers

Applications

Primary Applications

- Impact driver conversion
- General drilling applications
- Quick-change bit fastening

Features

Key Benefits

Easy Operation, Durable Construction, Quick Attachment, Anti-Stuck Design
