Overview

High-performance tractor designed for plowing, tilling, and harvesting.

High-Performance 120 HP Farm Tractor

This 120 HP agricultural tractor is engineered for high economic efficiency and low fuel consumption. It features a robust 4-cylinder water-cooled engine, a reliable double-acting dry clutch, and a versatile 540/1000 rpm PTO system. Designed for durability and productivity, it is well-suited for a wide range of farming tasks including plowing and harvesting.

Engine Specifications

Rated Power

88.2 kW

Rated Power

Engine Details

- Direct-injection, water-cooled 4-cylinder diesel engine
- 4 Cylinders
- Water Cooled cooling system
- 2200 r/min rated speed

Dimensions and Capacity

Dimensions (L x W x H)	4280 x 2085 x 2925 mm
Min. Ground Clearance	450 mm
Dry Mass (with cab)	3915 kg
Fuel Tank Capacity	150 L

Operational Features

Wheel Tread Specifications

Position	Width
Front Wheel	1520 mm
Rear Wheel	1620 mm

Clutch Type	Double-acting, Dry, Dual Stage
PTO Speed	540 rpm, 1000 rpm
Linkage	II Rear Mount 3-point
