

1200W DC to AC Power Inverter

This 1200W power inverter converts 12VDC to 220VAC at 50Hz. It features a modified sine wave output and a USB 5VDC/2A port for charging electronic devices.

Overview

Reliable Portable Power Solution

This 1200W DC to AC power inverter is designed for efficient energy conversion in automotive and remote applications. It reliably transforms 12VDC input into 220VAC output, making it suitable for powering small electronics and appliances on the go. Additionally, it includes a dedicated 5VDC/2A USB port, providing convenient charging capabilities for mobile devices and other USB-powered equipment.

Technical Specifications

Waveform Type

Modified Sine Wave

Rated Power Output	1200 W
Input Voltage	12V DC
Output Voltage	220V AC
Output Frequency	50 Hz

Connectivity & Charging

USB Charging Port

5 VDC

Voltage

2 A

Current

Ideal Applications	Automotive, Portable Power, Small Electronics, Mobile Charging
