

124CC Air-Cooled 5-Speed Street Motorcycle

This street motorcycle is equipped with a 124CC single-cylinder, air-cooled, four-stroke engine, paired with a 5-speed gear shift pattern. It features a disk front brake and drum rear brake for reliable stopping power.

Overview

Efficiency Meets Durability

The 124CC street motorcycle is engineered for reliable urban commuting, featuring a robust single-cylinder, air-cooled, four-stroke engine paired with a versatile 5-speed transmission. Designed with a focus on fuel efficiency and ease of handling, it achieves an impressive consumption rate of d2.1 L/100km. With a durable chassis and an ergonomic seat height, this model provides a balanced and comfortable ride for professional riders.
