

125cc Step-Through Frame Motorcycle Scooter

This motorcycle scooter is equipped with a 125cc engine, balancing power and fuel efficiency. The step-through frame allows for easy mounting and dismounting, while providing sufficient storage capacity.

Overview

Versatile Urban Mobility

The 125cc Step-Through Frame Motorcycle Scooter is designed for efficient transportation in both urban and suburban environments. Featuring a reliable 125cc engine, it balances power with fuel economy, making it an ideal choice for daily commuting. Its user-friendly design includes a step-through frame for easy mounting, automatic transmission, and comfortable seating for both rider and passenger.
