

125cc Street Motorcycle

This 125cc motorcycle is designed for urban commuting and general transportation. It features a classic design with a single-cylinder engine and a fuel tank capacity of 12L.

Overview

Reliable Urban Commuter

The HJ125 is a versatile street motorcycle designed for efficient urban commuting and general transportation needs. Featuring a reliable single-cylinder engine and a classic aesthetic with chrome accents, it balances performance and utility. Its sturdy build and practical features, such as a rear luggage rack, make it an ideal choice for daily riders seeking dependability.
