Product Overview

High-Performance Silent Power Solution

This 125kVA silent diesel generator is designed for reliable, high-efficiency power generation in sensitive environments. Featuring a robust Perkins engine and an industrial-grade soundproof canopy, it provides consistent power with minimal noise output. Equipped with comprehensive safety features and advanced monitoring, this unit is an ideal backup power solution for commercial, industrial, and mission-critical applications.

Technical Specifications

Rated Power Capacity

125 kVA

Power Capacity

Alternator Details

- Single bearing
- IP23 Protection
- Insulation Class H/H

Engine Model Perkins 1104C-44TAG2

Cooling System 50°C Max Radiator

Certifications & Compliance

Available Certifications CE, ISO, CQC
