

1.25L Drip Coffee Maker with Thermal Carafe

This 1.25L drip coffee maker features a double-walled stainless steel thermal carafe. It is equipped with thermostat overheat protection, an on/off switch with light, a keep-warm function, and a water level indicator.

Product Overview

Professional 1.25L Drip Coffee Solution

This 1.25L drip coffee maker is designed for high-performance brewing in professional and domestic environments. Featuring a double-wall stainless steel thermal jug, it ensures your coffee remains at the ideal serving temperature without sacrificing flavor. Safety and convenience are prioritized with integrated overheat protection, an anti-drip valve, and a permanent filter system for sustainable daily use.
