

1.25L Electric Drip Coffee Maker with Vacuum Jar

This 1.25L coffee maker features a swing-out, removable filter basket for ease of use. It is equipped with a thermostat, overheat protection, LCD display, aroma function, a vacuum jar for keeping coffee warm, a removable translucent water tank, and an anti-drip function.

Overview

Premium 1.25L Drip Coffee Maker

This 1.25L electric drip coffee maker is designed for professional-grade brewing with a focus on temperature retention and flavor customization. It features a high-quality vacuum jar that keeps coffee hot for extended periods without the need for a heating plate, preserving the delicate aroma. The integrated LCD display and programmable functions provide a modern, user-friendly experience for both home and office environments.
