Product Overview

Professional Grade Cutting Performance

This premium abrasive cutting disc is engineered specifically for high-efficiency cutting applications on stainless steel (INOX). Designed with durability and safety as top priorities, it delivers precise results for demanding metalworking tasks. Compliant with international safety standards, this disc ensures reliable performance for professional users.

Technical Specifications

Dimensions

125 mm

Diameter

1.2 mm

Thickness

22.2 mm

Bore Diameter

Performance Limits

12200 RPM

Max Speed

80 m/s

Max Peripheral Speed

Abrasive Material

WA60TBF

Compliance & Safety

Safety Certifications

EN12413, MPA

Compatibility

Suitable Materials

- Stainless Steel (INOX)
- Edelstahl Stahl
- Inox Acero
