

125mm Aluminum Oxide Sanding Discs with Hook and Loop Backing

These 125mm sanding discs are made with aluminum oxide for effective sanding. They feature a hook and loop backing for easy attachment and removal.

Product Overview

Professional Sanding Performance

These 125mm aluminum oxide sanding discs are engineered for efficient material removal and consistent surface finishing. Designed with a durable hook and loop backing, they ensure rapid disc changes to maximize workflow productivity. This versatile abrasive is suitable for a wide range of applications, including wood, metal, and plastic surface preparation.

Physical Specifications

Diameter	125 mm
Abrasive Material	Aluminum Oxide
Backing Type	Hook and Loop (Velcro)
Available Grit Range	40# - 600#

Logistics

Pack Quantity	50 pcs
