Product Overview

High-Visibility Neon Indication

This 12mm neon indicator lamp is designed for reliable visual status monitoring in home appliances and electronic equipment. Featuring an integrated 1/4W 150K resistor and pre-attached PVC cabling, it offers a simplified installation process for control panels and industrial setups. The unit is built to meet international quality standards, ensuring consistent performance for high-volume manufacturing requirements.

Technical Specifications

Lamp Size	6 x 13 mm
Installation Hole Diameter	12 mm
Resistor Rating	1/4W, 150K
Connection Method	Crimped
Cable Material	PVC
Lens Color	Red

Compliance & Quality

Certifications	CE, RoHS
