

# 12V 105Ah Automotive Lead-Acid Battery

This 12V lead-acid battery is designed for automotive use. It offers 105Ah of capacity for reliable vehicle starting power.

## Overview

### Reliable Automotive Power

This 12V 105Ah lead-acid battery is engineered specifically for automotive applications, delivering consistent and dependable starting power. Designed for durability, it provides the necessary current to ensure reliable vehicle ignition across various operating conditions. Its robust construction makes it a suitable choice for professional automotive maintenance and replacement needs.

## Technical Specifications

Rated Voltage	12 V
Rated Capacity	105 Ah
Battery Chemistry	Lead-Acid
Model Identifier	6-QA-105

## Features

Primary Application	Automotive, Vehicle Starting
