

12V 120Ah Lead-Acid Battery

This 12V 120Ah lead-acid battery is designed for automotive or industrial applications. It features a robust construction and is suitable for providing reliable power in various settings.

Overview

Reliable Power Solution

This 12V 120Ah lead-acid battery is engineered to provide consistent and dependable energy storage for a variety of automotive and industrial applications. Built with a robust construction, it is designed to withstand demanding environments while maintaining stable performance. Its substantial capacity makes it an ideal choice for systems requiring reliable, long-term power delivery.

Technical Specifications

Nominal Voltage	12 V
Rated Capacity	120 Ah
Model Number	6-QA-120

Application & Usage

Primary Applications	Automotive, Industrial
