

# 12V 120Ah Lead-Acid Battery

This 12V 120Ah lead-acid battery is designed for various applications, offering reliable power and long-lasting performance. It features robust construction and maintenance-free operation.

## Product Overview

### Reliable Power Solution

This 12V 120Ah lead-acid battery is engineered for consistent, long-lasting performance across a variety of demanding environments. Designed with robust construction, it offers a maintenance-free operation that ensures reliability for critical backup systems and energy storage needs. It is an ideal choice for solar energy setups and other professional power applications requiring stable output.

## Key Metrics

### Nominal Voltage

**12 V**

Voltage

### Capacity

**120 Ah**

Capacity

## Technical Details

### Maintenance

Maintenance-free

### Battery Chemistry

Lead-Acid

## Applications

### Primary Applications

Backup Power Systems, Solar Energy Storage, Industrial Power
