Product Overview

Reliable General Purpose Power

This PT12-12 sealed lead-acid battery is engineered for consistent, reliable performance in general-purpose applications. Utilizing AGM (Absorbent Glass Mat) technology, it is designed for a 10-year floating service life at 25°C. It serves as a dependable power source for critical systems such as UPS, emergency lighting, and security equipment.

Technical Specifications

Rated Voltage	12 V
Rated Capacity (C20)	12 AH
Dimensions (L x W x H)	151 x 98 x 105 mm
Gross Weight	3.45 kg
Design Life	10 years

Charging Parameters

Charging Voltage (at 25°C)

14.7 V

Cycle Use

13.7 V

Standby Use

Construction & Features

Construction Materials

Component	Material
Internal	Lead and Acid
Container	ABS

Available Colors

Black • Gray • Dark Gray • Blue • Red • Yellow • Green

Maintenance
