

12V 165Ah Lead-Acid Battery

This 12V 165Ah lead-acid battery is designed for optimal performance and reliability. It features a robust construction, ensuring durability and longevity.

Overview

Reliable 12V Lead-Acid Power Solution

This 12V 165Ah lead-acid battery is engineered for high-performance and consistent reliability in demanding environments. Its robust construction ensures exceptional durability and a long service life, making it a dependable choice for various industrial and commercial applications. Designed to meet rigorous power requirements, this unit provides stable energy output for critical systems.

Technical Specifications

Rated Voltage	12 V
Rated Capacity	165 Ah
Model Designation	6QA-165

Key Features

Performance Highlights

12 V Voltage	165 Ah Capacity
------------------------	---------------------------

Application Type	Starting Power, Industrial, Lead-Acid
