

12V 17Ah Sealed Lead-Acid Battery

This is a sealed VRLA battery. It has CE and UL approvals.

Overview

Reliable Sealed Lead-Acid Power

This 12V 17Ah sealed lead-acid battery is designed for consistent and reliable performance across a variety of professional applications. Featuring VRLA technology, it ensures safe operation and is fully compliant with international safety standards. With clear guidance for both cycle and standby usage, this power solution provides the flexibility needed for diverse energy requirements.

Electrical Specifications

Charging Parameters

Usage Type	Voltage Range
Cycle Use	14.4 - 15.0V
Standby Use	13.5 - 13.8V

Nominal Voltage	12 V
Capacity	17 Ah
Max Initial Current	5.1 A

Compliance & Safety

Safety Instructions

- Do not short circuit
- Constant voltage charge required

Certifications	CE, UL
