

# 12V 32Ah Lead-Acid Battery

This 12V 32Ah lead-acid battery is designed for automotive and industrial use. It features a robust construction for durability and long-lasting performance.

## Product Overview

### High-Performance 12V Lead-Acid Battery

This 12V 32Ah lead-acid battery is engineered for reliable power in both automotive and industrial applications. Built with a robust construction, it ensures long-lasting durability and consistent performance under demanding conditions. Its design prioritizes stability, making it a dependable choice for various energy storage needs.

## Technical Specifications

### Performance Metrics

**12 V**

Voltage

**32 Ah**

Capacity

|                          |                        |
|--------------------------|------------------------|
| Rated Voltage            | 12 V                   |
| Rated Capacity           | 32 Ah                  |
| Model Number             | 6-QA-32A               |
| Recommended Applications | Automotive, Industrial |
