

12V 45Ah Automotive Battery

This automotive battery has a capacity of 45Ah and a rated voltage of 12V. Its size is 236*133*195*215.

Overview

Reliable Starting Power

This 12V 45Ah automotive battery is engineered to deliver consistent energy output and reliable starting power for a wide range of vehicles. Designed for durability and performance, it ensures dependable operation in various driving conditions. Its robust construction makes it a suitable replacement or upgrade for numerous automotive applications.
