

12V 45Ah Automotive Battery

This 12V car battery has a capacity of 45Ah. It delivers a cold cranking amp (CCA) rating of 325A (SAE).

Product Overview

Reliable Starting Power

This 12V automotive battery is engineered to deliver consistent and dependable starting performance for a variety of vehicles. With a 45Ah capacity and a 325A cold cranking amp (SAE) rating, it is designed to meet standard power requirements for reliable ignition. Its robust construction ensures durability and stability in demanding automotive environments.

Technical Specifications

Cold Cranking Amps (CCA)

325 A
CCA (SAE)

Voltage	12 V
Capacity	45 Ah
Model Code	46B24R
