

12V 45Ah Lead-Acid Battery

This 12V 45Ah lead-acid battery is designed for various applications. It features robust construction and reliable performance suitable for automotive, marine, and standby power systems.

Product Overview

Reliable 12V 45Ah Lead-Acid Power

This 12V 45Ah lead-acid battery is engineered for consistent performance across diverse applications. Featuring a robust construction, it is designed to withstand demanding environments while providing reliable power output. It serves as an ideal solution for automotive, marine, and standby power system requirements.

Technical Specifications

Rated Voltage	12 V
Rated Capacity	45 Ah
Model Identifier	6-QA-45

Usage & Applications

Suitable Applications	Automotive, Marine, Standby Power Systems
-----------------------	---

Design Features

Design Highlights

- Robust construction for durability
- Secure terminal design
- Long service life
