

12V 48Ah Lead-Acid Battery

This 12V 48Ah lead-acid battery is engineered for dependable power. It is ideal for use in automotive systems, industrial equipment, and backup power solutions.

Overview

Reliable Lead-Acid Power Solution

This 12V 48Ah lead-acid battery is engineered for consistent performance across a variety of demanding applications. It serves as a dependable energy source for automotive, industrial, and backup power systems. Designed with standard specifications, it offers a robust solution for users requiring stable voltage and reliable capacity.

Technical Specifications

Rated Voltage

12 V

Voltage

Rated Capacity

48 Ah

Capacity

Model Identifier

6-QA-48

Applications

Primary Applications

Automotive, Industrial, Backup Power Systems
