

12V 50Ah Electric Scooter Lead-Acid Battery

This 12V 50Ah lead-acid battery is designed for electric scooters and similar applications. It delivers reliable power and extended life for electric vehicles.

Product Overview

High-Performance Lead-Acid Power

This 12V 50Ah lead-acid battery is engineered specifically for electric scooters and bicycles, offering reliable power delivery for daily transportation needs. Designed with robust construction, it ensures consistent performance and extended operational life. This unit is an ideal solution for electric vehicle applications requiring dependable energy storage.

Technical Specifications

| | |
|----------------|----------|
| Rated Voltage | 12 V |
| Rated Capacity | 50 Ah |
| Model Number | 6-DZM-50 |

Application & Usage

| | |
|----------------------|---|
| Primary Applications | Electric Scooters, Electric Bicycles, Electric Vehicles |
|----------------------|---|

Performance Features

Key Features

- Robust construction
- Extended cycle life
- Consistent power output
- Designed for mobility applications
