

12V 6A AC to DC LED Driver Power Supply

This LED driver converts AC power to 12V DC at 6A. It is marked with CE and IP67 ratings.

Overview

Reliable Power Conversion

This AC to DC LED driver power supply is engineered for stable and efficient performance in demanding environments. Featuring a universal input voltage range and a robust 12VDC output, it is designed to power LED lighting systems reliably. With its IP67-rated enclosure, this unit offers excellent protection against dust and moisture, making it suitable for both indoor and outdoor applications.

Electrical Specifications

Input Voltage Range	100-240VAC
Input Frequency	50/60Hz
Output Voltage	12 VDC
Output Current	6 A

Performance & Safety

IP Rating
IP67
