

12V 80Ah Lead-Acid Car Battery

This 12V 80Ah maintenance-free lead-acid car battery delivers reliable starting power. Its robust construction is engineered for long-lasting performance.

Product Overview

High-Performance Automotive Power

This 12V 80Ah lead-acid battery is engineered for reliable engine starting in European vehicles. Utilizing high-purity lead-calcium alloy, it offers superior durability, low internal resistance, and minimal self-discharge. Designed as a maintenance-free solution, it provides a hassle-free, ready-to-use power source for demanding automotive applications.

Technical Specifications

Voltage

12 V

Voltage

Capacity

80 Ah

Capacity

Lead Purity

99.994 %

Standard

DIN

Features and Benefits

Core Advantages

- Maintenance-free operation
- High Cold Cranking Amps (CCA)
- Low self-discharge rate
- High-purity lead-calcium alloy plates
- Durable polypropylene housing

Safety and Handling

Safety Warnings

Shield eyes, Avoid sparks/flames, Sulfuric acid hazard, Explosion risk
